WaveLinX Lite DMX Integration Kit

Part Number: CTRL-DMX-WAVE-PRO-RGBW

Product Overview

The WaveLinX Pro RGBW Full Color Controller integrates DMX lighting control with Cooper Lighting's WaveLinX Pro wireless system for RGBW LED fixtures. This premium solution combines the superior color quality of RGBW fixtures with WaveLinX Pro's advanced enterprise features for the most demanding color lighting applications.

Features

- WaveLinX Lite Integration: Seamless connection to Cooper WaveLinX Lite system
- Multiple Integration Profiles: RGBW, RGB, TW, Single Channel
- Dynamic Effects: Color fades, sequences, and chases
- Scene Storage: Store and recall custom color scenes
- Seamless Commissioning: Configure via WaveLinX Lite app
- DMX512 Output: Industry-standard protocol

Applications

- High-end architectural lighting
- Museums and galleries
- Hospitality and entertainment venues
- Corporate headquarters
- Retail flagship stores
- Residential custom lighting
